

**Jurisdiction 1 Part A/Part B Medicare Administrative Contractor
(J1 A/B MAC) Award**

– Palmetto GBA –

Qs and As

October 2007

Q: What company has been awarded the contract for the J1 A/B MAC workload?

A: Palmetto GBA (Palmetto) has been awarded the contract for the J1 A/B MAC.

Q: What states/territories are included in A/B MAC J1?

A: The states and territories included in J1 are American Samoa, California, Guam, Hawaii, Nevada and the Northern Mariana Islands.

Q: What are the major contractual differences of the A/B MACs compared to the current fiscal intermediaries (FIs) and carriers?

A: The workload for each A/B MAC is being awarded through full and open competition conducted in accordance with the Federal Acquisition Regulation. Based on structured evaluation criteria, the proposal with the best value for the government will be selected in each procurement. The A/B MAC contracts are for the administration of both Medicare Part A and Part B claims in a specific geographic jurisdiction. They allow for performance incentives to be earned by the MAC.

The FI and carrier contracts historically have been competed to a limited number of contractors which may or may not have been the best qualified organizations to do the work. In addition, the carriers have had to be chosen from health insurance companies. The contracts for the FIs and carriers do not allow for performance incentives; rather they pay the contractor the costs incurred in conducting their operations.

Q: What is the effect of Medicare Contracting Reform on beneficiaries and providers?

A: Beneficiaries will have a single point-of-contact, connecting them to a seamless operations network for meeting their information needs. A beneficiary's first point of entry for resolution of questions about Medicare coverage will be 1-800-MEDICARE. The A/B MAC will handle only complex inquiries from beneficiaries.

The A/B MAC will serve as the point of contact for providers, physicians and practitioners for all claims-related business. Medicare contracting reform also will benefit providers with improved provider education and training by the A/B MACs.

Q: What type of contract has been awarded for the J1 A/B MAC workload?

A: The J1 A/B MAC was awarded under a cost-plus-award-fee contract. The period of performance for the contract is a base period with four 1-year options. The total value of the contract for the five year period is approximately \$358 million.

Q: When will the new J1 A/B MAC begin operations?

A: The implementation activities of the A/B MAC that are needed to move the Part A/Part B workload for the states included in Jurisdiction 1 will begin immediately. The MAC will complete the transfer of the claims and information from FIs and carriers and be fully operational no later than June 2008.

Q: What FIs and carriers are currently processing claims for the states in J1?

A: The following are the current fiscal intermediaries (FI) and carriers administering the program in J1 and the states they serve:

- Mutual of Omaha Insurance Company (FI for some providers in American Samoa, California, Guam, Hawaii, Nevada and Northern Mariana Islands)
- National Heritage Insurance Company (carrier for California)
- Noridian Mutual Insurance Company (carrier for American Samoa, Guam, Hawaii, Nevada, and Northern Marina Islands)
- United Government Services, LLC (FI for American Samoa, California, Guam, Hawaii, Nevada, and Northern Mariana Islands)
